SUMMARY

I am a college student seeking part-time work. I have a wide array of skills, but am most advanced in computer-based technologies and other technical skills. I am willing to learn any skill necessary to expand my abilities and to get the job done.

EXPERIENCE

Junior Achievement Entrepreneurship Program

Horsham, PA — November 2013- April 2014

An entrepreneurship program which gives students the ability to start their own company with other students. Students deal with everything from sales to production as well as their selected specialization, with the guidance of a sponsor company (Bimbo Bakeries).

Accomplishments

- Spent majority of time with the production team, learning to how to build, design, and package our desired product
- Sold hundreds of dollars worth of product

3-D Markets, Inc., Assistant

New Hope, PA — Summer 2010

Assisted with administrative tasks such as printing and copying.

EDUCATION

Penn State University

August 2015 - January 2016

Accomplishments

- Received a 3.9 GPA in my first semester
- Active in multiple clubs, including the Student Programming Association which brought popular bands and acts to campus

Central Bucks High School East

September 2012 - June 2015

Accomplishments

- 4.2 Cumulative GPA, taking 8 AP classes and earning Summa Cum Laude
- Member of Key Club and other service-based clubs
- Played Lacrosse at the Junior Varsity and Varsity levels
- Played Football at the 9th Grade and Junior Varsity levels
- Received the RIT Computing Award and Scholarship
